BEVERAGE DISPENSING EQUIPMENT

OUR PARTNERS

ABOUT US

SPECIALISED SERVICE FOR NZ AND THE PACIFIC

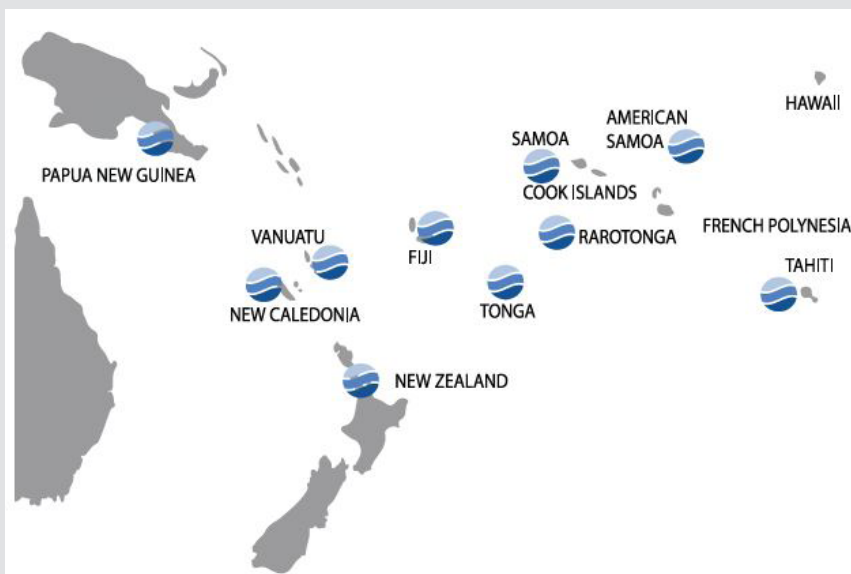

Within the Beer and Soft-Drink industry, Pacificool is highly respected as a responsive and dynamic supplier of Dispensing Solutions with the experience to satisfy even the most demanding markets and conditions.

Our customers value our industry experience and rapid response to technical questions. We understand that every hour counts and treat after sales support with urgency and care. Additionally we can provide technical training to your staff.

Pacificool supplies equipment throughout New Zealand and the Pacific from either stock held in Auckland or direct shipments from our manufacturers.

Our large range and quantity of critical spare parts held in Auckland enable us to respond rapidly to any urgent requirement.

We actively support Beverage Companies in ten regions in the South Pacific with machines, spare parts, frequent technical visits and training.

When you purchase from Pacificool, you acquire over 30 years of technical expertise on beer and post-mix installations in tropical conditions.

We will always recommend and supply the equipment best suited to your conditions at the best price.

BEER DISPENSING EQUIPMENT

Beer Towers

Our Towers can be supplied in many different forms:

- Flooded (Ice)
- LED Illuminated
- Vitreous, S/Steel, Nickel/Gold/Copper plated/Powder coated
- Standard or Compensating Taps

Ice Bank Chillers

Thanks to Celli's continuous innovation, our coolers offer maximum performance with low energy consumption.

Keg Fridges

The Bracton Sub Zero series of kegerators and keg fridges are engineered to minimise beer wastage.

Our keg fridges can be configured to suit your specific venue needs and suit other beverages such as nitro-coffee, kombucha, wine etc.

Either install the fridge into a permanent bar or use it as a mobile bar on wheels. Please enquire about our plug and play 2-Tap/2-Door & 4-Tap/3-Door mobile bar systems.

Beer Equipment

Pacificool supply a wide range of products for your needs including:

- Beer Towers & Parts
- Drip Trays - Recessed, Plinth, On-Counter
- Beer Taps & Parts
- Reverse Taps & Pegas Bottle Fillers
- Agitator Pumps
- Glycol Chillers
- Glycol Equipment
- Cellar Equipment
- Keg Couplers & Parts
- CO2 Equipment
- Cleaning Equipment
- Cleaning Chemicals
- Tubing, Insulation, Tape
- O-Clamps

- Fittings - John Guest
- Fittings - Stainless Steel

WATER, SODA & POST-MIX

Water & Soda Dispensers

Water & Soda dispensers for professional & home/office use. Our Celli range of water dispensers offer refreshing still & sparkling water directly from the mains water supply.

Post-Mix Equipment

Innovation, technology & quality design characterize Celli's hard work in the world of soft drink dispensing.

The overcounter and undercounter dispensing systems adapt to different contexts, cutting management costs and ensuring that consumers enjoy the best drinking quality.

The main companies in the soft drinks sector have chosen Celli as their strategic partner to co-engineer their innovative projects. Strong visual impact of its products, equipment and towers, combine dispensing quality and maximum brand visibility.

Energy saving, efficiency and reliability achieve new high standards.
